01. Any item of work that does not find a place in the schedule of quantities, in the original tender or in the accepted tender or contract as has been directed by the Consultants / "KINFRA" to execute is deemed as an extra item of work. All such works that are necessary to be carried out under the direction of the Consultants / KINFRA shall be carried out by the Contractor. No such variation will violate the contract. Change records shall be used to regulate extra items.
02. Extra items of work thus carried out by the Contractor will be paid at the rates worked out by the Consultants / KINFRA in the following manner.
03. In the case of all extra items whether additional, altered or substituted, if accepted rates for identical items are available in the contract, such rates shall be applicable.
04. In the case of extra items whether altered or substituted, for which **similar items exist in the contract**, the rates shall be derived from the original item by appropriate adjustments of cost of affected components, as applicable on the basis of provision mentioned below:
  - (a) Civil work – DSR 2013 with cost Index 1.38 Thiruvananthapuram

05. In the case of extra items, whether additional altered or substituted, for which similar items do not exist in the contract but exist in the standard data book of the Central Public Works Department Delhi, the applicable rates shall be arrived at on the basis of provisions of the said standard data book and schedule of rates DSR 2013, of adding 15% towards overheads, profits and establishment charges and applying the Contractors quoted percentage above or below.  
The contractor immediately after the execution of work shall communicate to the Engineer of KINFRA and Consultant, the rate claimed for the item with supporting documents as regards the prevailing market rates. The consultant shall examine these records and work out the rate in the following manner:

As regards the first part involving items in the and relevant DSR 2013 schedule of rates as mentioned in 1.02.35.04, the rate will be worked out as given in 1.02.35.04 above. As regards the second part involving market rates, the rate will be worked out as given in 1.02.35.06 below.

06. In the case of extra items, whether additional, altered or substituted, for which rates cannot be derived from similar items in the contract or from the DSR 2013 and relevant schedule of rates as mentioned in clause 1.02.35.04, the rate shall be worked out fully on the basis of prevailing market rates (giving due consideration to the analysis of the rate furnished by Contractor with supporting documents). The Contractor immediately after execution of work as mentioned in 1.02.35.01 above shall communicate to the Engineer of KINFRA/ Consultant, the rate which he proposes to claim for the item, supported by analysis of the rate claimed and the consultants shall determine the rate on the basis of the market rate giving due consideration to the rate claimed by the contractor and forward the same to KINFRA. In case the requirement of labour for such item is available in the DSR 2013 as the case implies this shall be taken as the basis for working out rate. If this is not available, observed data during actual execution of work will be taken as the basis. An allowance of 15% will be added towards contractor's overhead profit and establishment charges taken together. The percentage excess or reduction of the contract rate over the estimate rate shall not be applied in this case.
07. While working out the rate analysis for extra item whether derived, substituted, additional, etc. the cost for transportation, transit insurance, all types of taxes and duties, octroi etc. at actual shall be included.
